REQUEST FOR EXPEDITED CERTIFICATE OF CORRECTION OF
PATENT FOR PTO MISTAKE
(37 C.F.R. § 1.322; and MPEP § 1480.01)

Attention: Certificate of Correction Branch
Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

Pursuant to 37 C.F.R. § 1.322, Patentees, through their attorneys or agents, hereby request a Certificate of Correction of the above-referenced patent for a PTO mistake. Patentees further request expedited issuance of the Certificate of Correction, pursuant to MPEP § 1480.01. A completed form PTO/SB/44 and the last amendment, as evidence of the PTO error, is attached hereto.

The following is a list of the errors:

- [1]** In claim 1 of the issued patent, an amendment was not fully incorporated. The words “and antenna” should be inserted after “housing the GPS receiver”, in the last two lines of claim 1. Thus, column 14, lines 58-59, the

last two lines of claim1, should read “a portable handheld housing for housing the GPS receiver and antenna, the memory, the processor, and the speaker”; and

[2] In claim 13 of the issued patent, a word was omitted. The word “the” should be inserted before “speaker”, in the last line of claim 13. Thus, column 16, lines 11-12, the last two lines of claim 13 should read “a portable handheld housing for housing the GPS receiver, the memory, the processor, the speaker, and the input.”

The attached amendment unequivocally supports the Patentee’s assertion. This amendment may be found on PAIR, which shows USPTO reception thereof on January 24, 2006. Furthermore, claim 1 of the issued patent reflects that a portion of this amendment was actually properly incorporated. Specifically, the words “and antenna” were properly inserted after the words “GPS receiver” in column 14, line 46, or line 2 of claim 1. These words were simply not also inserted at the end of claim 1.

With respect to claim 13, the word “the” was originally present immediately in front of “speaker” in the last line of claim 13. However, during prosecution, the words “the display,” which were also originally present immediately before “the speaker”, were deleted. Thus, someone mistakenly deleted too much. Claim 13 is properly shown in the attached amendment, which was received and entered as discussed above, and therefore properly reflected the claims.

Patentees request expedited issuance of the Certificate of Correction, pursuant to MPEP § 1480.01. Patentees further request the Certificate of Correction to be sent to the address associated with Customer Number 38933.

Should there be a fee for this correction, the Commissioner is hereby authorized to charge any fees that are required, or credit any overpayment, to Deposit Account No. 501-791.

Respectfully submitted,

/David L. Terrell/
